## EDUCATION

### B. Tech CSE in Cloud Computing Poornima University

09/2020 - Present

8.6

### Class - XII SSVV SR. SEC. School

04/2019 - 05/2020

82%

## PERSONAL PROJECTS

### Car Dealership Review

- Create a web application in which clients provide feedback and reviews to the car dealers on the basis of the car models, services, etc.

### Personal Portfolio

- Create my own responsive personal portfolio in which I include my resume, my projects and a summary of my qualifications and accomplishments. Also deployed it on Azure web app service using Github and Azure.

### Advanced Bot

- Advanced bot is an updated version of bot, in this we used GUI as well CLI to control the OS and added 3-level security and added speech recognition to control basic features of OS.

## WORK EXPERIENCE

### Cloud Infra & Security Trainee Celebal Technologies

05/2023 - 07/2023

*Achievements/Tasks*

- Demonstrating a solid understanding of core cloud concepts, Azure services, and security principles.
- Gained hands-on experience in deploying and managing virtual machines, virtual networks, and other essential resources in Azure.
- Prepared comprehensive documentation for Azure infrastructure configurations, security services.

### Web Development and Designing Internship Oasis Infobyte

02/2023 - 03/2023

*Achievements/Tasks*

- Developed and maintained responsive websites using HTML, CSS, and JavaScript, ensuring cross-browser compatibility and adherence to web standards.

## SKILLS
